

The Akanksha Foundation is a non-profit organization with a mission to provide children from low-income communities with a high-quality education, enabling them to maximize their potential and transform their lives. Akanksha works primarily in the field of education, addressing formal education by initiating school reform through its School Project. Currently, Akanksha reaches out to the 9300 children and 3100 alumni through its 21 schools in Mumbai and Pune.

Position: Instruction Specialist- Math

Function/Team: Instruction Specialist Team

Location: Mumbai

Compensation: Based on skill sets, experience and sector standards

Overview of the Team: The Instruction Specialist team is uniquely positioned to implement Akanksha's vision that aims at the holistic development of each child. At Akanksha we teach using a self-designed curriculum based on the principles of authenticity, inquiry and skill-development. The team designs and develops content for the Akanksha curriculum. It trains teachers and School leaders to develop strong instructional practices. The team works to identify and bridge achievement gaps through systematic data-driven inquiry. The team also supports schools in identifying and executing goals that build soft skills in children and helps the schools identify spaces and ways to work with parents as our partners.
